Glosario de Indicadores

MAT	Moving Annual Total — acumulado móvil de 12 meses hasta el mes del corte
YTD	Year-to-Date — acumulado desde enero hasta el mes del corte
MES	Dato puntual del mes específico (no acumulado)
Crecim.	Variación porcentual vs. mismo período del año anterior
Evol PY	Evolución vs. año anterior relativa al mercado total. 100 = igual al mercado; >100 = ganando participación; <100 = perdiendo participación
Market Share	Participación de mercado en USD = ventas corporación / ventas mercado × 100

Clasificación Evol PY

≥ 105	Ganando participación significativamente
96–104	En línea con el mercado
< 96	Perdiendo participación de mercado
